NOTICE OF FIELD HEARING

November 22, 2019

11:00 A.M. (MST), 2360 Rayburn House Office Building

TO: Members, Subcommittee on Innovation and Workforce Development
FROM: Jason Crow, Chairman
DATE: Friday, November 15, 2019

The Committee on Small Business Subcommittee on Innovation and Workforce Development will hold a hearing titled, “Innovations in the School to Small Business Pipeline.” The hearing is scheduled to begin at **11:00 A.M. (MST) on Friday, November 22, 2019 at Cherry Creek Innovation Campus, 8000 S Chambers Road, Centennial, CO 80112.**

Small businesses remain in need of employees, particularly in highly skilled positions. While traditional academic institutions play an important role in helping to fill the workforce development gap, they often do not provide adequate job training outside the classroom. To fill the gap, Colorado is embracing new and innovative approaches towards educating young people and creating a school-to-business pipeline. This hearing will explore how schools are changing their priorities to supply a much needed workforce and what policies can help promote these efforts.
