

Congress of the United States  
U.S. House of Representatives  
Committee on Small Business  
2501 Rayburn House Office Building  
Washington, DC 20515-6515

September 7, 2018

The Honorable Rick Perry  
Secretary  
United States Department of Energy  
1000 Independence Avenue, SW  
Washington, DC 20585

Dear Secretary Perry:

Pursuant to Rules X and XI of the U.S. House of Representatives, the Committee on Small Business is conducting oversight over the Department of Energy's compliance with the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. No. 104-121, enacted March 29, 1996) (SBREFA), as amended by the Fair Minimum Wage Act of 2007 (Pub. L. No. 110-28, enacted May 25, 2007) (FMWA).<sup>1</sup>

On May 1, 2018, the Committee sent a letter to you regarding the Department of Energy's non-compliance with section 212 of SBREFA, which requires the publication of small entity compliance guides to assist small entities with complying with agency rules. The statute also requires an agency to annually submit a report to the Committee on Small Business of the House of Representatives, the Committee on Small Business and Entrepreneurship of the Senate, and any other committee of relevant jurisdiction.<sup>2</sup> The report must describe the status of the agency's compliance with section 212(a)(1) through (5) of SBREFA, and must be received no later than one year after the date of the enactment of the FMWA, and annually thereafter.<sup>3</sup> The FMWA was enacted on May 25, 2007.

To date, the Committee has not received any response to our letter, in spite of the fact that the letter imposed a deadline of May 25, 2018. The Committee has also not received any small entity compliance guide reports from your agency since the statute's enactment in 2007. Small businesses deserve transparency from the federal government and for their voices to be heard in the federal rulemaking process. It is imperative that all federal agencies comply with the law by producing these documents and presenting them to the Committee so we can understand the unique effects of regulations on small businesses.
